

MANOEUVRABLE AND EFFICIENT

# PB55 SELF PROPELLED VACUUM SWEEPER

  
conquest  
POWER SWEEPERS

Conquest's medium sized self propelled sweeper is famous for its robust construction and unrivalled sweeping ability.

The PB55's compact dimensions and quiet performance provides a high level of operator comfort and is perfect for small indoor and outdoor areas.

Precisely engineered and hand assembled to match unsurpassed quality assurance levels, this tough Conquest sweeper stands out from the mass produced crowd and will be sweeping perfectly for years to come.

#### FEATURES

- Quiet, pollution free operation, with a large deep cycle battery powering the PB55ET.
- A large steel plate waste hopper guarantees years of trouble free operation.
- A horizontally installed filter allows easy cleaning and long periods of efficient sweeping.
- Large vacuum capacity creates optimum performance in dust control.
- Reliable, easy starting and efficient four stroke Honda engine powers the PB55SH.

SPECIFICATIONS	PB55SH	PB55ET
Sweep width without side brush (mm)	500	500
Sweep width with side brush (mm)	680	680
Theoretical sweeping performance (m <sup>2</sup> /hr)	2700	2700
Waste hopper capacity (Lt)	36	36
Petrol engine power (Honda) (HP)	4	-
Electric motor power (W)	-	600
Panel filter surface area (m <sup>2</sup> )	2	2
Battery (a/hr)	-	150
Weight (without batteries) (kg)	96	92
Dimensions (L x W x H) (mm)	1340 x 680 x 980	1340 x 680 x 980
