

VERSATILE AND ROBUST

PB111 COMPACT RIDE-ON SWEEPER

conquest
POWER SWEEPERS

A new generation Conquest sweeper!
Fully redesigned with the latest technologies,
the PB111 is the benchmark of the twenty
first century.

The ergonomic design and the powerful drive train allows long
periods of hassle free sweeping in all conditions.

With large puncture proof wheels, wheel out debris hopper and
the option of an on-board vacuum, Conquest has taken the effort
out of sweeping.

Employing Conquest's reliability and robustness the PB111
offers complete peace of mind to all purchasers.

FEATURES

- A reliable 9HP GX series Honda motor is at the heart of the PB111SH. Giving maximum versatility this sweeper is ideally suited to indoor and outdoor applications.
- From the driving position the operator has full control. A clearly laid out panel allows the engine to be started, brushes to be lowered and filters to be cleaned effortlessly.
- The hydrostatic drive on the Conquest PB111SH ensures total reliability with forward and reverse control.
- Silent and environmentally friendly, the battery version PB111E is a popular choice for indoor applications.
- Options available to customise your Conquest PB111 include; vacuum attachment, extra side broom, hopper separators and lights.
