

SIZE DOES MATTER

PB200 HYDRAULIC RIDE-ON SWEEPER

conquest
POWER SWEEPERS

The latest development from Conquest is the release of the powerful PB 200 which is the largest sweeper in its class.

With a large 1350mm main broom, 600 litre waste hopper and a tough 61 HP (LPG) four cylinder engine nothing stands in its way.

Conquest's unique 4 x 2 wheel concept has two wheels steering and driving delivering a safer, smoother and more reliable ride. Reducing all the shocks and bumps experienced on the traditional three wheel machines the PB200 is in a class of its own.

Available in either gas (LPG) or diesel configurations the PB 200 is ideally suited to many large indoor and outdoor applications.

FEATURES

- Using Conquest's efficient dust control technology the PB200's large textile filter offers a long service life and eliminates the need for costly element replacements
- The four wheel design along with pneumatic tyres and a suspension seat are a few of the reasons the PB 200 is the popular choice for the discerning operators
- On the gas (LPG) version the gas cylinder is securely stored under the seat and it removed effortlessly thanks to the roller guide system
- Built from heavy duty, powder coated steel and with a full hydraulic system the PB 200 is resilient to the harshest applications and environments.

SPECIFICATIONS	PB200D	PB200LPG
Sweeping width with main broom only (mm)	1350	1350
Sweeping width with main broom +1 side broom (mm)	1680	1680
Sweeping width with main broom +2 side brooms (mm)	2000	2000
Theoretical sweeping performance (m ² /hr)	28000	28000
Waste hopper capacity (Lt)	600	600
Waste hopper dump height (mm)	1550	1550
Diesel engine power (Kubota) (HP)	36	-
LPG engine power (Hyundai) (HP)	-	61
Max travel speed (km/hr)	14	14
Polyester filter surface area (m ²)	13	13
Weight (kg)	1530	1530
Max hill climbing (%)	18	18
Max height (mm)	1665	1665
Max length (mm)	2450	2450
Max width (mm)	1760	1760
