

COMPACT & CONVENIENT

MY530B

COMPACT SCRUBBER DRYER

conquest
POWER SCRUBBERS

The advanced design allows the My530B to be operated in tight and congested areas while maintaining the higher productivity levels of the larger models.

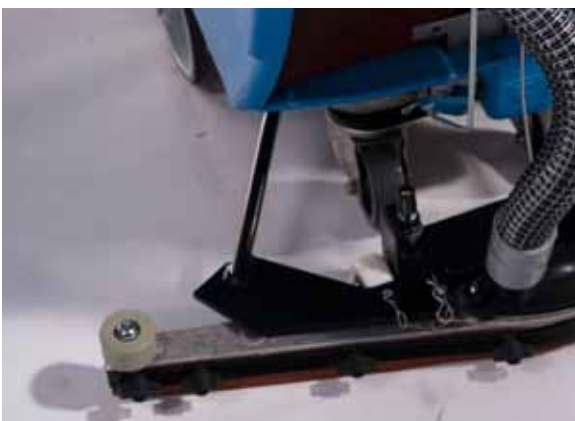

The My530B has one scrubbing brush or pad that gives an optimum finish and also allows for maximum pressure to be applied cleaning the most stubborn dirt and stains.

With its V-shaped squeegee the My530B is able to produce the ultimate dry floor and the break-away system limits any damage to squeegee. The ultra-smooth plastic finish on tanks allows for easy, hygienic cleaning of machine inside and out.

FEATURES

- Advanced design allows the My530B to be operated in tight and congested areas while maintaining the higher productivity levels of the larger models
- V-shaped squeegee produces the ultimate dry floor and the break-away system limits any damage to squeegee
- Smooth plastic finish on tanks allows for easy, hygienic cleaning of machine inside and outside
- Heavy duty, powder coated steel scrub deck is resilient to knocks and bumps protecting the brush from unwanted damage
- Supplied standard with brush and pad holder

SPECIFICATIONS	MY530B
Theoretical cleaning capacity (m ² /hr)	1750
Operation run time (hrs)	3
Cleaning width (mm)	510
Squeegee width (mm)	775
Suction motor (v/w)	24/370
Suction vacuum mbar	100
Power supply batteries V/Ah	24/105
Brush motors v/w	24/400
Weight with battery (kg)	56
Disc brushes (mm)	510
Battery charger	Automatic
